Hi Dave,
I can attend for SPS.

Jack,
If you have someone available, they might be best to lead as I'm not as familiar with the pond conditions.

Regards,
Taurus

Dear Jack, Dear Taurus,
Sorry for the late notice but EPA would like to request access to the site this Wednesday March 2.
Specifically as part of his visit to the area to discuss the NPL issue with local stakeholders our Regional Administrator Jared Blumenfeld would like to see the A, B, and C Ponds related to the former Arimetco heaps.
Because of his tight schedule he probably only has between 8 am and 845 am for a quick look at the ponds.
Please let me know if this is acceptable and whether anyone will be available to escort Mr. Blumenfeld to the ponds.
In addition, Superfund Division Director Enrique Manzanilla and Section Chief Harold Ball will likely accompany Mr. Blumenfeld.
Thanks for considering this request.
